WIDESPREAD TORNADOES DO TERRIBLE DAMAGE IN U.S.

Scores Dead in Six Central West States \$4,000,000 Loss in Elgin, Ill., Alone

Indiana Town Burns--Alabama and Georgia Twister Kills Forty

(Canadian Press Wire)

HAMILTON, March 29.—Special investigation of the known death list is in progress, and property damage amounting to many millions of dollars, looted yesterday, when restoration of wire communications, which were temporarily suspended, was reported in the six central states hit yesterday by a series of tornados.

The most formidable twister early today struck the southern Michigan peninsula and the rural districts of Indiana and Ohio. In these states where the damage was greatest, and it was said it might be days before some of the communities were heard from.

The Elgin, Ill., district, with 29 deaths was the heaviest sufferer, according to reports early today. The remainder of the dead were listed as follows:

West Liberty, Ind., 7; Fenton, Mich., 7; Zulu, Ind., 5; Nashville, Ohio, 4; Greenfield, Ind., 3; Indianapolis, Ind., 1; one each at Monroeville, Ind., and Tipton, Ind., Hart, Mich.; East Troy, Wis., and Waukesha, Wis.

Thousands of persons were made homeless by destruction of dwellings, and it was determined that it was necessary for a number of places.

Elgin, Ill., thirty miles west of Chicago, where eight persons were killed, suffered a loss estimated at \$4,000,000, and when the tornado "wrecked a large portion of the business quarter and the residential section."

Military law was declared in Elgin, and former men volunteered to preserve order and prevent looting.

A large number of refugees, cut off from the rest of the world, and it was reported they were in the path of the storm, were being brought across the state from Lake Michigan.

The storm was said to have been particularly severe in the vicinity of the Prairie Creek, between Bay City and Saginaw.

In Ohio and Indiana, however, the tornadoes were less severe, and were wreaked on rural districts. None of the large cities was hit, according to reports.

Sweeping over the open country and small towns, it was believed a number of persons had been killed and much property damaged.

Elgin, Ill., March 29.—Elgin to-day began digging itself out from the wreckage of yesterday's disastrous tornado which claimed eight lives, in-

jured more than 100, and did damage to property estimated at \$4,000,000.

Many girders and ex-service men on parole last night laid aside their shovels to stack the heaps of brick, timber, and shattered glass.

The electric light plants were wrecked, and all factories without their own power are shut down. No newspaper can be printed here today.

Elgin residents came from surrounding towns and roads rendered impassable by yesterday's torrential downpour to help the city clear away the debris as their object.

The Twister, a paper formerly resided in Hamilton.

FIRE FOLLOWS TORNADO

INDIANAPOLIS, Ind., March 29.—Several persons were killed and scores injured late night, when a tornado followed by a fire swept through the small town of West Liberty, eight miles northwest of Elgin.

ONE IS SOUTH, TOO

ATLANTA, Ga., March 29.—Further details of last night's tornado which struck Georgia and the Carolinas were given yesterday afternoon to noon to-day. The death toll still stood at approximately forty, and 100 persons were injured, some seriously. There was no accurate estimate of the property damage, but it was expected to run into the millions.

West Point, Ga., March 29.—Several persons were killed and scores injured late night, when a tornado, following a fire, swept through the small town of West Liberty, eight miles northwest of Elgin.

PARK'S STRAW HAT DYE

BOSTON, March 29.—The steamer Lake Yerivon, which sailed from this port last night for Cardeñas, Cuba, reported by wireless early to-day, that he had been overcome by the measure. All kinds of garments and flower seeds, A. C. Bain & Co.

SHOE SHINES

BOSTON, March 29.—The steamer Lake Yerivon, which sailed from this port last night for Cardeñas, Cuba, reported by wireless early to-day, that he had been overcome by the measure. All kinds of garments and flower seeds, A. C. Bain & Co.

15c IN OTTAWA

BOSTON, March 29.—The steamer Lake Yerivon, which sailed from this port last night for Cardeñas, Cuba, reported by wireless early to-day, that he had been overcome by the measure. All kinds of garments and flower seeds, A. C. Bain & Co.

MOTHERS

BOSTON, March 29.—The steamer Lake Yerivon, which sailed from this port last night for Cardeñas, Cuba, reported by wireless early to-day, that he had been overcome by the measure. All kinds of garments and flower seeds, A. C. Bain & Co.

BUILDING PERMITS

BOSTON, March 29.—The steamer Lake Yerivon, which sailed from this port last night for Cardeñas, Cuba, reported by wireless early to-day, that he had been overcome by the measure. All kinds of garments and flower seeds, A. C. Bain & Co.

MAJOR R. F. MASSIE, D.S.O.

BOSTON, March 29.—The steamer Lake Yerivon, which sailed from this port last night for Cardeñas, Cuba, reported by wireless early to-day, that he had been overcome by the measure. All kinds of garments and flower seeds, A. C. Bain & Co.

Enter Ruhr District Minus Allied Permit

(A. P. Special Cable.)

PARIS, March 29.—Absolute confirmation of the entrance of regular German army troops into the Ruhr district, on the edge of the Allied zone of occupation, without any permission from the Allies, has been received by the French Foreign Office, it was declared to-day.

The subject, it was stated, will probably come up before the Supreme Council in London. The French say they can find no excuses whatever for the sending of troops into this section.

HUNGARY VIRTUALLY KINGDOM BUT DIVIDED AS TO ITS KING

BUDAPEST, March 29.—Hungary is virtually a kingdom without a king. All parties agreed on the question of a monarchy, but they show divergence as to who should be King. The Socialists, who are strongest in the country, are strongly in favor of a republic.

The Socialists are divided on the question of the election of a president.

The farmers' party, which is against

the return of the Habsburgs, has adopted a resolution for a motion in the National Assembly that propaganda in favor of any candidate at the present time will be declared an act of treason.

SIX MONTHS FOR SECOND OFFENCE GIVEN WOMAN

Annie Token's Efforts to
Save Herself Were of
No Avail.

LESSON TO FOREIGNER

Must Not Interfere With
Police or People On
Streets.

With his hand bound up with adhesive tape, and one eye bunged up in silent testimony of assault — Miss Lettskewich appeared in police court this morning to receive the punishment of a suspended assault against George Kretschmer and Steve Rusulin, 9 Alpha street. The complainant gave testimony that while he was going to work yesterday afternoon, the two men, in a drunken condition, stopped him on the street and then walked him. "Then I went to the police station, and had them arrested, and then my head got the dagger stuck in it," Kretschmer was the one who hit me," said the complainant. "But the other man tried to, also."

Plainclothes officers, instead of meeting the complainant on the street, with blood streaming from a cut over his eye, which necessitated three stitches being put in. He identified both prisoners.

Kretschmer aware he had not seen the complainant, and his companion were either drunk yesterday afternoon, but he did not remember having seen the complainant.

"Russulin may have been there, but I do not think he did it. But Kretschmer must go to jail six months for the assault on a pedestrian on the streets, and Russulin is \$20 for being drunk," concluded the magistrate.

Alarie Token, 262 Barton street west, was accused of obstructing justice of the O.T.A. by continually breaking up meetings on Saturday night he and P. C. Curtis went to the Token home. There they found a man trying to poison a dog, and Token, who was wearing a warm garment, had been shamed by the woman.

Harry Kurkjian, of the same address, was also present at the scene, and he testified that the woman had promised to clear him if he took the blame for having the liquor. He was the one who was threatening to get rid of the liquor. Mrs. Token swore that the liquor belonged to Nick Lipson, and that she had been drinking the same time for obstructing the police.

"I want the woman to understand that she is guilty of obstructing the liquor," said Curtis, and said the magistrate to Interpretive Cherkoff.

The woman was found guilty, and as the magistrate said she had to spend six months' time.

The charge against Kurkjian, who was also present, was that he had been the liquor on the street solely to save the woman, who was dropped.

Nick Lipson, who was arrested by the police, when the liquor was made, pleaded not guilty to obstructing the police. Constable Daniel, who said that he had tried to keep the officers from getting the bottle of alcohol, and resisted arrest. Constable Curtis, before that Lipson attempted to kick him, and put up a fight when arrested.

Lipson pleaded that because he wanted to get his coat, the officer kicked him.

"I am going to see this man to jail for a long time," said Mrs. Token, ending the case. "These foreigners must be taught how serious it is to resist arrest in this country."

Having a rear light on their autos cost Cren. Cooley, 687 Main street east; Bruce Sutherland, 146 James street west; and Wm. Lure, 2 Hilda avenue \$2 each.

For speeding, Frank Rice, 21 Fairview, received \$20; Wm. H. Smith, 100 Herbert, Whipple, 26 West Avenue south, \$10.

William Taylor, 116 Catharine street south, pleaded guilty to a charge of being drunk on Sunday, and was fined \$5.

Wm. Whalen, 291 Dundas street, also contributed \$2 for having no rear lights on his auto.

Samuel S. Smith, 51 Ottawa street, accused of neglecting to place a light on building material, placed on Ottawa street, was given \$2 each. Officers said that the glass of the lamp was so black that the light could not shine through.

The two girls were the complainants against Edwin Hughes, Glendale ave., accused of acting in a disorderly manner. The girls, who stated that the girls complained to him that a man had been following them, said that when they saw a crowd of a crowd on James street, she identified the man. Hughes swore that he was innocent, and said he believed that the officer had used vile language. The case was adjourned, sine die, for further investigation.

Fines amounting to \$22 were imposed on Oddo Postani, 9 Clinton street, accused of being drunk and disorderly, and with driving his car to the property of John Robinson. While in a drunken condition, P. Stani was heard shouting and shouting through the window of the Robinson house, doing \$2 damage.

In the case of Martin Cavalia, 47 Whitchfield avenue, accused of a breach of the O.T.A. was adjourned until Wednesday. Hall was allowed at that time.

A plea of guilty was entered by Peter Breslow, Hagerstown, charged with driving drunk and disorderly. The fine was \$25.

NEW YORK STOCKS

(Canadian Press Wire)

New York, March 29.—(Wall Street Times)—The upward movement in the stock market was resumed at the opening of the market this morning, and general of the equipments proving the only noteworthy exception to the high prices. The market was quiet for shipping, especially Atlantic Gulf and United Fruit; also oil, cotton, sugar, and tobacco, and can companies. Producers Tobacco, Procter and Gamble, and Westinghouse Electric, all showed gains.

Bonds rates for exchange on London were under last week's final quo-

REPATRIATION LEAGUE FINAL

Over 4,000 Entertained at
Ten Banquets.

Committee Disbands Free
of Debt.

At the final meeting of the executive of the Citizens' Repatriation League, the accounts and auditors' report were accepted.

It was conceded that rarely had Hamilton witnessed such a start and finish of a public effort as this. The results were brilliant, and the success readily answered by all shades of society. The desire of the citizens generally to entertain the returning soldiers was well known, and their services in the great war, and returned self-same home could not be bettered. The committee was satisfied that by a series of dinners. That they were successful in every way was shown by the number of participants by their various organizations.

In ten banquets, the total attendance, 4,200, and the committee indeed feel that they were honored by being on behalf of the citizens, their hosts and guests. The financial statement of efficient work was done by the various committee chairmen, Messrs. R. L. Moore, W. B. McCullough, Mr. Alexander Officer, J. T. Truman, Lt.-Col. R. A. Robertson, Theo. Robson, A. V. W. V. V. Laddie, Mr. H. E. Salter, Mr. Wells, honorary secretary, all ably captained by the general chairman, Mr. Geo. G. Lee, and their desire to extend the duration of the banquets to extend their hearty thanks to those who so gladly helped to make the

lady waitresses, helpers and assistants, the ladies of the 13th Inf. G. W. V. V. Laddie, Capt. Cadet, the members of the local playhouses, Messrs. Northeay and Wall for their ready help, and the members of the band, Mr. Boyd for his services in auditing the accounts. The financial statement follows:

RECEIPTS	
Personal cash contributions	\$45,475
City grant	2,000.00
Repayment wages advances	29.55
Sale of equipment	432.50
Interest on loans	82.00
Proceeds loan of \$1,150 less interest at 5 1/2 per cent. 3 months	1,134.40

DISBURSEMENTS

Printing and stationery	\$1,501.50
Wages and help	947.00
Postage	446.84
Foodstuffs and supplies	2,110.78
Equipment	1,585.33
Postage	58.77
Interest on L.O.G.F. hall	300.00
Royal Canadian Hotel	1,617.45
Interest on bank and interest on overdraft	1,153.50
Decorating hall	100.00
Sundries	62.31
	52,227.25
	518.00

Deficit

This deficit was paid by members of the committee, that the committee disbanded free of debt.

DIED AT WINDSOR

Willard B. Howard, Formerly of Hamilton.

Willard B. Howard, a former resident of this city, and a well known furrier, died at his home in Windsor last Thursday. Funeral services were held Friday morning, at 10 a.m., at the First Baptist church. Death followed a brief illness of scat-

ter fever.

The deceased was a member of Arcadia Lodge of Masons, of this city.

The Coming Seed Producing Area

There are great possibilities in the growing of seed on the irrigated lands of Southern Alberta is again emphasized by the record obtained last year. On the several hundred different parts of the irrigated area small pieces of land have been reserved for seed production for the last few seasons. The success of Leo H. Bark, Superintendent of Irrigation for the C.P.R., and the like in previous years can no doubt induce many others to try seed growing. In 1919 much seed was sown with considerable success on irrigated lands in the districts surrounding Brooks, Strathmore and Cochrane.

Up to now seed growing has perhaps received more attention in the British Columbia than in the other parts of the prairie provinces. Alfalfa, clovers, and grain have been chiefly grown. No doubt the greatest success last season was that of J. E. Strong, who farms five miles north of Brooks. From a two year old field containing seven acres of clean alfalfa, Mr. Strong harvested 8,000 bushels of seed. The quality of the seed can be judged from the fact that at the British Empire exhibition held at Kamloops in the latter part of January this year an exhibit of it was awarded a gold prize. Up to now he has grown excellent seed in British Columbia. Mr. Strong's crop has been sold for twenty-five cents a dollar a pound, so that the proceeds from this field of eleven acres was between \$1,000 and \$1,200 thousand dollars from seed alone.

Mr. Strong's was one of the largest fields of seed grown, and it is believed that the results others are obtaining on fields of one or two acres can be duplicated on larger areas. Up to now farmers have been growing seed mainly for their own needs, and having more than an acre and often less than two acres to start on, even Mr. Bark has grown alfalfa seed on an acre of land at the C.P.R. divisional station at Brooks. On this acre in 1918 880 pounds of uncleaned marketable seed was obtained, which was worth 25 cents a pound.

In 1919 the field produced 740 pounds of re-cleaned seed, which is to be sold at 25 cents a pound. The cost of seed to him has been 10 cents a pound, so that he has made a profit of 15 cents a pound on the acre of land in the two seasons, considerably more than on the land he has.

Growing clover seed is also proving very profitable. The man who grows most seed in the Brooks, last year produced six bushels of red clover seed to the acre. This seed is worth 25 cents a bushel, or 15 cents a pound, which works out at a return of more than

one hundred dollars to the acre. At the Idaho State Seed competition, put on by the C.P.R. Department, held at the end of last year, Mr. Tiley, of Brooks, won first prize in the new seed acre. This field yielded 18,000 pounds of clean seed, which was sold for an average price of 25 cents a pound, giving a total return for the field were, therefore, more than \$4,500, or \$228 for each acre.

It is evident that there is a great demand for seed in the United States. Mr. Tiley's field was the best in the competition. He has had considerable success in the growing of grain for seed. Sixty-five cents a pound is the price paid for his grain, and a return of more than two hundred dollars to the acre. Yellow sweet clover on a three and a half acre field produced 1,000 bushels, or 180 bushels and fifty pounds to the acre. A return of more than one hundred dollars to the acre is obtained from this three and a half acre. That similar results can also be obtained from a field is evident when we take into account that Mr. Tiley's field had half bushels of grain, or five bushels more than that of his nearest competitor.

It is difficult to estimate just what this seed was grown represents a corner of an area containing of three quarters of a million acres of irrigable land.

(2) Alfalfa in Bloom.

(3) Cutting Alfalfa on Strong's farm.

acres of white clover were put in last year, and a yield of 18,000 bushels of seed was obtained. This field was awarded first prize. This seeds well for its quality, for this seed is worth 25 cents a pound, and is the best seed grown in the United States. Mr. Sangster has put in 100 acres of white clover, and has secured a yield of six bushels to the acre. Sixty-five cents a pound is the price paid for his seed, and a return of more than two hundred dollars to the acre. Yellow sweet clover on a three and a half acre field produced 1,000 bushels, or 180 bushels and fifty pounds to the acre. A return of more than one hundred dollars to the acre is obtained from this three and a half acre. That similar results can also be obtained from a field is evident when we take into account that Mr. Tiley's field had half bushels of grain, or five bushels more than that of his nearest competitor.

It is difficult to estimate just what this seed was grown represents a corner of an area containing of three quarters of a million acres of irrigable land.

MYSTERIES

vangelist Crossley at Wesley Church.

large congregations were present at services in the evening and the spiritual impact was most intense. A large chorus added much to the inspiration. Songs were much to the taste of the congregation, who were unanimous in feeling and thought. Mrs. W. Hamilton, the soprano soloist, sang "I'm a Poor Fisherman" and the brother of Rev. H. C. Dougall, expressed regret and sympathy.

The subject of the morning sermon was "Mysteries." I Tim. 2:18: "Without controversy great is the mystery of godliness." The speaker declared that the secret of the universe must be what he could understand or explain. He asserted that there was nothing in the material world no one could understand. We know that there is a God. We have found out some of their laws of operation. We use them. But finally in explanation or explanation of the universe we find that man's intelligence is yet. And no one so is it in the realm of the spiritual than in the material. No one should be allowed to come into our lives unless he be a good man. He is neither comprehensible to us than shall we do with the spirit of the mysterious?" We do the material mysteries. Prove them by us. The test is experience.

In which he named men of science, law, medicine, pedagogy, who at scientific first, were led into Christianity. Rev. H. C. Dougall spoke on questions near to the heart of the members. The growth of the U. F. O. was outlined from the time of its birth in 1914 to the present year before. Speaking on the four groups presented in the Provincial House, Rev. H. C. Dougall stated that the logical move now is to unite. The last meeting of interests was made because the two parties are more in sympathy with the common needs of the people, and have a patriotic interest in the country. For the solution of the many questions to be dealt with.

There were some issues of paramount importance to Labor which were not referred to the farmers, to the workers, to the trade unions, to the manufacturers, to the employers, to the government, to the public.

To-night the subject of the sermon will be "A Great Man."

WHY LABOR AND FARMER UNITE

Hon. Walter Rollo Spoke to Mountain I. L. P.

Eight Hour Day and the C. M. A.

The little mission church recently opened in the Mount Pleasant area, L. P. was crowded yesterday at the annual forum, at which the Hon. Walter Rollo spoke. H. J. Halford addressed the audience, who were over low yesterday morning, has moved to northern Ontario, taking about the same number of families throughout the province and in western Quebec. The weather has been fair in other parts of the country.

FORECASTS—Lower Lakes and Georgian Bay—Strong westerly winds; a small scattered shower, but mostly fair; cooler to-night. Tuesday—Fair and somewhat cooler.

The following was issued by the Department of Marine and Fisheries at 8 a.m.:

TUESDAY FAIR; COOLER.

(Canadian Press Wire.)

Toronto, March 28.—A pronounced disturbance, which was over low yesterday morning, has moved to northern Ontario, taking about the same number of families throughout the province and in western Quebec. The weather has been fair in other parts of the country.

FORECASTS—Lower Lakes and Georgian Bay—Strong westerly winds; a small scattered shower, but mostly fair; cooler to-night. Tuesday—Fair and somewhat cooler.

The following was issued by the Department of Marine and Fisheries at 8 a.m.:

Temperature

	Max.	Min.	Weather
Victoria	50	46	Clear
	48	44	
Winnipeg	51	43	Clear
Port Arthur	50	49	Fair
